

History of Unity & Unity Teachings

May 21st from 1:00 - 2:30pm

The History of Unity & Unity Teachings is a required class for membership at Unity of Olympia. If you are interested in learning more about the history of Unity and its teachings, we encourage you to join us - regardless of your membership path!

Membership at Unity of Olympia is a commitment to deepen your spiritual life through participation in spiritual community. It's also a commitment to support this spiritual community in prayer, service and substance. While all of our spiritual educational classes and events (and most of our service positions) are open to non-members, participation in the leadership of this community through service on the Board of Trustees, the Finance Team, and voting on substantive issues are limited to those who have made the commitment to membership at Unity of Olympia.

You are welcome to register on our website, scan the QR Code, or just show up!

You are welcome here - please join us!
